Notes:

You can change your tables to 8' Rectangular and accommodate more guests.

All Linens are booked as white unless you request to have specific colors.

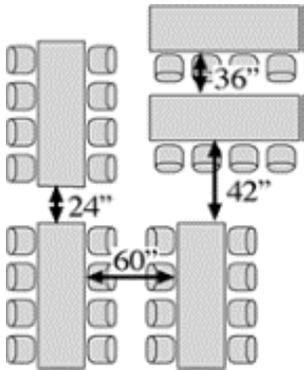

Provision should be made for food serving areas, bars, stages, display areas and any other specially designated space.

Please remember no two functions are the same. Each purpose deserves to be looked at individually so that the exact size of tent can be determined based on your personal needs and preferences.

Table & Seating Guideline:

Rectangular Tables

Allow a minimum of 60" between rectangular tables for chair and service space. This permits 24" service space behind 18" chair depth.

Chairs- Theater Style Seating

Allow a minimum of 36" between rows. Allow 36"-60" for aisles.

Round Tables

Allow a minimum of 60" between round tables for chair and service space. This permits 24" service space behind 18" chair depth.

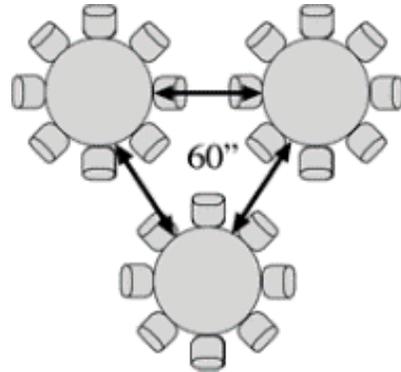

Table Seating Capacity:

- 6'x30" Rectangle: Seats 6
- 8'x30" Rectangle: Seats 8-10
- 5' (60") Round: Seats 8

Serpentine tables are a great way to do your head table! They take up less room than doing tables all in a row.
